September 20, 2016

Dear Village of Alburgh Resident:

We would like to inform you of a new service the Village of Alburgh offers as part of our commitment to providing and improving our service for our residents. The Board of Trustees has established an account on VTALERT, a Vermont state system for emergency notifications, that can be used to notify you in case of safety or health issues in the community. This is most notably intended to provide timely information regarding concerns with the water and sewer system, but may be used for other urgent business.

To make the system work best for you, please provide contact information that will ensure the messages the village sends out through VTALERT will reach you in a timely and effective manner. Email and text messages (sent to mobile phones) are the easiest, but messages can go out through voice phone calls as well.

Please go to [www.vtalert.gov](http://www.vtalert.gov) for more information about the Vermont Alert program. Please contact the Village of Alburgh office if you have any questions. The sooner you return your contact information to the village office, the sooner we will be able to keep you informed.

Sincerely,  
The Village of Alburgh Board of Trustees
